

Laurie Todd

Middle Years teacher (4-9): passion in Numeracy instruction.

Learning opportunities offered, but not limited to:

Laurie will:

- Co-create lessons and units with teachers to help embed authentic Indigenous ways of learning, knowing, and being
- Provide support by co-teaching or modeling lessons that reflect Indigenous ways of Learning/Teaching.
- Provide math support to differentiate ways of learning (problem solving, puzzles, manipulatives, non-permanent surfaces etc).
- Provide support to help teacher triangulate assessment - less on paper/pencil assessment and more on oral telling.
- Co-plan interventions for struggling students
- Teach small group or provide 1:1 support to help Indigenous students meet graduation requirements.
- Provide Indigenous support materials or resources.
- Share cultural activities that relate to learning goals and competencies (eg beading to explore linear equations or the construction of mini drums to extend a unit on surface area and volume)
- Email Laurie to discuss possible collaboration opportunities: ltodd@sd57.bc.ca
